Never gets old. The most epic Sonic game ever created.. 9/10 played it through long ago and now again for about the 3rd time, and its as good as i remembered.. Never gets old. The most epic Sonic game ever created..
u30e1u30acu30c9u30e9u30d1u30c3u30afu306bu306fu5165u3063u3066u306au3044u3088. 9/10 played it through long ago and now again for about the 3rd time, and its as good as i remembered.. 9/10 played it through long ago and now again for about the 3rd time, and its as good as i remembered.. I loved playing this game again. It was like seeing a long lost friend. Once I started playing all the levels came flooding back to me. I feel this game is much better than Sonic 1 but this is probably coloured by nostalgia. The game is a lot more forgiving, where in Sonic 1 you always seemed to be falling to an instant death, here in Sonic 2 you fall to an alternative route. This, like Sonic 1, is a very good platformer but it is probably only of interest to those of you who played this as a child.. I loved playing this game again. It was like seeing a long lost friend.
